Director's Meeting

The DCI inquired respecting project and after some discussion stated that he would not approve it until it had received the approval of PSB. In this connection, the DCI noted that he was not prepared to spend for a project unless he had some assurance that we were prepared to go forward in subsequent years. In answer to an inquiry by the DCI Mr. Wisner reported that the DPC books for PSB would be ready for consideration by the DCI Monday next. Mr. Dulles would look them over over the weekend. The DCI inquired with respect to project and after it had been explained by Mr. Wolf, who noted that it was subject to continuing review, the DCI approved subject project. The DCI also inquired respecting Communications project relating to development of and, after it had been explained, approved	Thursday, 6 December 1951
